2.5	80	200	1150	550	Rubber/PU/Nylon	70*80	180*50
2.5	80	200	1220	685	Rubber/PU/Nylon	70*80	180*50
3	80	200	1150	550	Rubber/PU/Nylon	70*80	180*50
3	80	200	1220	685	Rubber/PU/Nylon	70*80	180*50
5	80	200	1220	685	Rubber/PU/Nylon	70*80	180*50

3. Manual Pallet Jack Feature And Application

Our most popular and reliable Manual Pallet Jack has a 2000kg 2500kg 3000kg 5000kg capacity. Common fork size 550*1150mm 685*1220mm other size can also custom.

Our manual pallet jack is Reliable, sturdy, torsion-resistant due to it's extremely strong high quality steel profile and have high painting quality. All pivot points are greased to ensure excellent maneuverability with effortless steering.]

1.Our pallet jack use thick fork 4mm thickness after painting and each fork have reinforce steel at the bottom to ensure fork not No tilt or deformation.

2. for the welding machine weld , the welding seam leveling increase the product carrying capacity and make its out look more beautiful.

3. Climbing rollers help users easily maneuver across dock plates, in and out of trailers and over uneven floors.

4. The steer and load wheels are engineered with high quality components and bearings to provide a low rolling resistance. The steer wheels rotate through a 200 degree range for easy maneuvering in tight spaces. Available as standard Polyurethane or optional Nylon to meet application needs.

5. The shape and thickness of the handle along with the design and placement of the control lever reduces operator fatigue and improves productivity. The neutral lever position releases tension on the handle for easier maneuvering.

6.Rocker arm widened and thickened can ensure the long life.
